

White Glass Pendant

Model: QH4803

Installation Instructions:

Important:

- Installation must be done by a registered electrician
- Isolate power supply
- Handle carefully to avoid damage to finish of product
- Mount bracket to strong mounting ceiling member

Installation:

- The glass is held by 3 sliding brackets. To remove the glass shade, loosen the 3 knurled knobs a quarter turn and slide them towards the centre
- Once the glass has been put safely to one side, mount the mounting bracket with 2 screws to a strong ceiling member
- Check the required length of the 3 support wires and cable and adjust
- Connect the supply cable - Phase to P, Earth to \perp , Neutral to N
- Attach the ceiling canopy to the mounting bracket securely with the Round central knob
- Fit the 3 x E27 lamps, Maximum 40 Watts
- Assemble the glass shade to the lampholder plate, sliding the 3 brackets out and tightening the 3 knurled knobs
- Check and adjust that the glass shade is level.
